My name is Teresa Orlando I am a resident of Wawayanda NY and I “oppose this project”!

How quickly we forget what this town used to smell like years ago with the landfill that used to be on 17M…Our property values would go down as well…a transfer station brings with it the same issues …as I researched …the following is what was listed ….”odors, vectors , wind blown debris ,dust , environmental concerns & traffic.”

Thank you for your attention in this matter…
