Protect Orange County,

I am writing to request that the Town of Wawayanda Planning Board extend the comment period for the Marangi project. I will be impacted by this project as I live in the area and/or I use the Dolsontown Road corridor. I just found out about the project recently and want to participate in this process. I would like to become an intervenor in this process. CPV was not enough? Now this? How much more pollution can we take?

Thank You
