>
> As an almost lifetime resident of Orange County, local business owner, 20+ year environmental advocate, and individual that is just generally discontented with the overdevelopment of our beautiful area, I implore you to reconsider this proposal and say 'no.' The effects of such overdevelopment can be seen all over and the negative impacts of a large structure as the one that is proposed cannot be ignored, from the loss of habitat of our most important animals who are now being forced into suburban developments to attempt to survive, the carbon emissions in our air and waste that would forever be in our soil, not to mention the plain eyesore another commercial structure would create!
>

> I hope that you will listen to me and the other hundreds of citizens who have genuine concerns and who passionately disapprove of this plan and help us in preserving our area.
