Hello to the Town of Waywayanda Planning Board!

I am writing to encourage you to designate the Dolsontown Corridor as a Wildlife Preserve, instead of allowing development there which will kill this important wildlife area and create increased pollution in the area, on top of the already polluting CPV plant.

As an environmentalist and Middletown resident, who is concerned about our children's future, the more land which can be preserved from development, the healthier future we can leave for all children and future generations.

Thank you for prioritizing the health of our precious land and people over money!

Maria Blon  
5 Earle Street  
Middletown, NY 10940
