Hello there,

I am a lifelong area resident of Middletown. I grew up just before the town lines of Wawayanda. I am currently a resident in the town of Wallkill.

I am writing to inform you that I am opposed to the Marangi/Warehouse project that is being proposed on Dolsontown Rd. While development is inevitable, we need to find better sources of development than garbage companies and Warehouses where we will have numerous trucks running in and out of the local area, that road is a thoroughfare from one side of town to the other, the already had to address the road way by adding a traffic circle to accommodate the growth in the area. The car wash at the corner of Dolson Ave. and Dolsontown Rd often has a line that wraps into Dolson Ave, add trucks to that mix and we are definitely going to have the makings for many MVA's, not to mention the amount of pollution that comes from the trucks. Please rethink this, we need to do better for our community.

Best Regards,
