# PETITION TO DESIGNATE THE DOLSON TOWN CORRIDOR A WILDLIFE PRESERVE

---

ADDRESSED TO:

TOWN OF WAWAYANDA PLANNING BOARD CHAIRMAN RICHARD ORANATI, II

TOWN OF WAWAYANDA PLANNING BOARD MEMBERS JOHN RAZZANO, JOHN NEIGER, JOHN BACON, JAMES DRISCOLL, AND BEN DOMBAL

SLATE HILL HIGHWAY SUPERINTENDENT THOMAS J DEBLOCK

TOWN OF WAWAYANDA TOWN CLERK KATHRYN SHERLOCK

TOWN OF WAWAYANDA TOWN SECRETARY SUSAN HUTCHINGS

TOWN OF WAWAYANDA PLANNING BOARD SECRETARY STACEY DALY-WILKINS

TOWN OF WAWAYANDA TOWN SUPERVISOR DENISE QUINN

TOWN OF WAWAYANDA DEPUTY SUPERVISOR DAVID COLE

TOWN OF WAWAYANDA COUNCILPERSONS: ROSARIO LA SPINA, RICHARD PENALUNA,  
RONALD R MYRUSKI

On December 3rd, 2021 a 67 acre plot of land on Dolsontown Road, between Dolson Avenue and McVeigh Road, was sold to Marangi Disposal.

Many locals know this area as the "Dolson Avenue side of Schutt Road."

There are plans for a "solid waste management facility" to be built along with at least 4 warehouses, totaling nearly 1 million square feet in size which would decimate this land.

Listed below are our primary concerns about this project:

#### TRAFFIC:

This project will mean 400+ diesel garbage trucks will be coming in and out of the site every day polluting our air and blocking local traffic.

#### AIR POLLUTION:

Middletown's PM2.5 (Particulate Matter) air pollution readings are currently averaging in the 50-100 range daily which is way above the EPA standard for human health and poses a risk to those who are exposed over a 24 hour period. For residents living and working here day in and day out, this leads to long term effects such as lung diseases and various cancers. Middletown's air quality is already suffering as a result of the CPV power plant that Wawayanda built on its borders, and we cannot allow them to pollute our air any further.

#### THE HERITAGE TRAIL:

The brand new and unfinished addition to the Heritage Trail runs directly alongside this land. Upon completion, the total cost for this extension will amount to approximately 8.4 million dollars. This facility would create air, noise, and odor pollution and deter people from utilizing this wonderful and costly asset.

#### PROTECTED WETLANDS:

This land is a State Regulated Freshwater Wetland, and home to the endangered Indiana Bat and other rare plant and animal species. This site also contains a large portion of the Monhagen Brook, a 303D Impaired Watershed. An impaired watershed is a body of water where an "applicable water quality standard is not being attained." These bodies of water require restoration plans in order to restore the water. Building a solid waste management facility on this land will further pollute this watershed. The Monhagen Brook not only runs into the Wallkill River, but also into the Hudson River. Thus, whatever pollution happens at this site could potentially run into and pollute these other water sources.

#### CLIMATE CHANGE:

Wetlands and wild land are vital to the sequestering of CO2 and one of our strongest natural fighters of climate change. We cannot afford this project as a city or a county, but we also cannot afford this project as a planet. Destroying this vital ecosystem would be irresponsible and unethical on a large scale.

#### ARCHEOLOGICAL SIGNIFICANCE:

This land is of historical and archeological significance because it aligns with the earliest indigenous migratory trails. The house at the end of Caskey Lane is one of the oldest homes in the county and its front door faces the field at the back of Caskey Lane where the old indigenous trail used to be.

#### THE ADVERSE EFFECTS TO MIDDLETOWN:

The City of Middletown was not included in the Town of Wawayanda Planning Board Minutes list of "Involved and Interested Agencies" to be notified of the project, even though Middletown residents will bear the brunt of the health, traffic, and environmental impacts. While this is not Middletown's land, it is a SHARED BORDER, and the 33,000 residents of the City of Middletown deserve a say in this project as they will be the ones most greatly affected by it.

We demand that you protect our land, air, and water in the state of New York, in Orange County, in the Hudson Valley and more specifically in the City of Middletown and the Town of Wawayanda. We insist that you immediately rescind and revoke all permits for the Marangi Dolsontown Corridor Project, or more recently referred to as the DAMCOM transfer station and the Dolsontown Corridor GEIS Proposal.

We, as Orange County residents, are aware that the people of Middletown already have access to very few untouched and wild spaces and we DO NOT WANT THIS PROJECT AT THE CITY'S DOORSTEP. Not only will 400+ diesel trucks a day block an already very heavily trafficked road, but they will increase Middletown's air pollution, which is already at levels that are very harmful to human health, causing lung diseases and various cancers.

We demand that the new Heritage trail, which is very close to this property, be protected, and not ruined by air, noise, and odor pollution from this project. This new section of the trail cost MILLIONS of county and state dollars, and it would be a crime to ruin it by building a solid waste facility so nearby. Protecting the trail is in the interest of the county as well as the city of Middletown and its local businesses as it brings in local tourism. Ruining this portion of the trail, and increasing local traffic, would deter people from wanting to use the County and the City of Middletown's newest asset.

We strongly and adamantly demand that you also protect the wetland and the rare and endangered species who live there, such as the endangered Indiana Bat. One bat can eat between 600 to 1,000 mosquitoes and other flying pests in just one hour. If bats disappear the insect populations will boom, causing crop failure, economic damage and human illness. Wetlands and wild land are KEY in sequestering carbon, by drawing it down from the air and storing it in the ground. This natural process is vital to keeping global warming below 1.5 °C and avoiding climate collapse. As of 2020, only 35% of the planet remained wilderness. Rewilding our land needs to be a PRIORITY to mitigate and reverse climate change. Currently 4% of animals by weight on the ENTIRE PLANET are wild, as we are experiencing a 6th mass extinction caused by human activity. We are currently losing three species an hour, 150 species a day, and between 18,000 and 55,000 species a year. For these reasons alone, we cannot afford this project as a city, county, or planet. If you aren't well versed in these topics, and would like to access some easily digestible information, we encourage you to watch the following documentaries on Netflix:

1. David Attenborough: A Life On Our Planet
2. Breaking Boundaries: The Science of Our Planet
3. Kiss The Ground

We also demand you protect and regenerate the Monhagen Brook, which is currently listed as a 303d Impaired Watershed. The companies providing the survey results for the plot of land are neglecting the truth that this entire area is a wetland, a state and federal wetland, and although the Monhagen Brook runs through the land, it doesn't mean that the rest of the space isn't an obvious marsh. The water they are referring to connects underground, this water moves all through the county and is connected to other major waterways such as the Wallkill and the Hudson rivers. ANY damage to this land will inevitably result in pollution of the ground water and degradation of the waterways.

We believe it is our responsibility as citizens of Middletown and Orange County to be stewards to the land and all who live in it, and that doesn't exclude the decision makers. We believe that the value of land needs to shift from HOW MUCH WE CAN EXTRACT FROM IT and WHAT IT CAN DO FOR US to HOW MUCH CARBON IT CAN SEQUESTER, and WHAT CAN WE DO FOR THE LAND, as well as the PEACE it can bring, and what BENEFITS the land naturally has for all who live in and around it by STAYING AS IT IS.

We propose an alternate solution for the Town, County and State to come together and work out a plan for protecting the land. A government agency at any one of these levels could BUY BACK AND PROTECT this vital land, and preserve it as a Wildlife Sanctuary. Not only is it a vital wetland but it is some of the VERY LAST WILD LAND in and around the city of Middletown. Three of the wetlands on the property are jurisdictional wetlands of the United States. Destroying this land would be irresponsible and unethical, and would negatively affect the people of Middletown, the Town of Wawayanda, Orange County, and the planet for generations to come.

The plans for this project quite obviously show that the facility is to be built on top of and directly next to wetlands and natural waterways which are crucial systems for the overall health of the county's environment. The mental health of the residents who live near this sight is also affected by this issue, for it shows we cannot trust the people

in charge to protect us from the overly wealthy and powerful companies who sway political and legislative decisions with their money and disregard for the natural world. We never wanted CPV, it is killing us and the planet, and we won't stand by and watch as you negligently disregard us again by allowing a garbage transfer station to be built on one of our final wetlands.

THE ENVIRONMENTAL CONSULTANTS on the project pride themselves from helping people get around environmental protection laws. The company Capital Environmental Consultants is headed by people with little to no real experience in protecting the environment, but instead have minimalistic education in fields which give them enough credibility to destroy wetlands and waterways under the guise of environmental science. They work with the DEC and if we can't count on the DEC to protect us from companies such as Capital, then we have to turn back to the law and policy makers, and make sure we provide them with the facts about Environmentalism and the current state of the Climate Crisis.

Please do your jobs, listen to and protect your residents and the land over which you govern.

Sincerely,  
Soulstainable.NY

## COMMENTS

## **COMMENTS**

1. Protect the land and all who live in and around it !
2. 2022 needs to be a year of real action and HUGE changes.
3. This is where my childhood home is and I do not want to see it destroyed!
4. This most definitely is a wildlife preserve area. I live right in the middle of this area and see ALL the animals in their habitat. Right in my backyard!!!! believe its the last area they can all hide from all this construction going on all around us here on Caskey lane. Where will these animals go??? Also where are WE to go?
5. I work in Middletown and enjoy the beautiful natural areas. This is why I moved here. Please don't destroy this wonderful resource.
6. These big companies have NO concern or regard for human life, animal life or plant life. It's all about money. There is no regard for the people who live in the proximity and what their story is. Well let me tell you. My parents live RIGHT there and they have busted their butts raising a family and always looked forward to retire and enjoy what they worked hard for and share that joy with their grandkids. They worked hard paying their mortgage because that guaranteed equity and a sense of peace to have a house that is mostly paid for. To have no worries. The only thing they would compete for was their health. NOW they have to possibly start over in their 60's?!?! Move?!?! I ask for each and every one of you to put yourself in this position. What if this scenario was happening to you? For once, do the right thing. We have enough going on in this world. Let the people who live in this area LIVE. Find your humanity and lead with that. Do the right thing by the people, the animals, the land. I may be one person with one voice but it takes 1 person to make a change.
7. I support this petition.

8. I have owned land on protected wetland for over 60 years and have never been allowed to build on it for good reason. This shouldn't change now. Find somewhere else to build your garbage plant.
9. This is the town I grew up in. I'm an active environmentalist. I do what I can to protect this planet. This includes spreading awareness and promoting sustainable living throughout my family and social groups. This land needs to be protected and not turned into a wasteland. DO NOT LET THIS HAPPEN.
10. This was my hometown.
11. Put it near Goshen
12. No way
13. What a shame. Pushing people out of their homes. So unfair.
14. In Samuel Eagers History of Orange County. 1846, it states that there was a Indian Settlement in the Vicinity of the house at the end of Caskey Lane. Plus, with Climate Change Weather Extremes we need this land to buffer and hold back future storms to come.
15. We have one planet. We need to do our part in protecting it.
16. Please heed these words!!!!
17. This isn't right and we need to protect our lands!!
18. Please leave this land alone. We have enough toxic processing in this area already!
19. Please stop this land from being developed!
20. No

21. Preserve this land! Go build a warehouse in a Red state.
22. It is as though Wawayanda has written off this end of town as a wasteland.
23. This is an environmental justice issue.
24. This land has already been on the migratory route of many Federally Protected Migratory Birds. Such as the Snow Geese that migrated from the Artic Circle! According to the National Audubon Society, song birds are on a decline. A decline of 50 BILLION birds since 1970. This reflects how toxic our environment has become. We need more wild green space!
25. british overdevelopment led to biodiversity loss
26. Please!!!!
27. I grew up here. Please dump trash on your lawn instead.
28. As a resident of Orange County, with many family members in the area, I stongly object to the destruction of any more indigenous land in my home county. The environmental impact will cause damage to wild life as well as health and safety of residence.
29. No respect for nature.
30. The public should have a voice in the siting of a major polluter.
31. It's all coming to a head. The decisions we make today can have altering effects on the future
32. My family and I will be directly impacted by this horrific plan. We live just a mile away and I can't imagine the tragic and odor we may have in the future.

33. Wetlands are more valuable and vital to our future than fracking sites! Stop the madness and protect wetlands!
34. Dolsontown and Dolson Ave roads would not be able to handle additional traffic as well as disastrous affects to the environment.
35. We steam-rolled over with the CPV Plant! Don't do this again!
36. This is a critical environmental area, its time for the state to start protecting it.
37. Protect this land, please. Thank you.
38. Stop further pollution to our agricultural area.
39. Protect our wetlands, it is sacred to our earth and to our survival as a species!!!
40. I've lived in my home in Slate Hill, NY for 23 years and always appreciated the abundance of wildlife and the gorgeous pristine countryside. CPV was built illegally through bribes and should not ever have been allowed. Shut it down and keep the rest out. Protect the countryside.
41. this area needs more wetlands protection!!
42. I don't want a filthy, stinking Marangi waste treatment plant here, so that we will smell like mddletown!!!!!!!!!!!!!! I will move out of the area, if Marangi comes in!!!!!!
43. I won't be able, due to age and the pandemic, to join the vigils, but I am interested in your actions and I can sign petitions.
44. Please help save the few wildlife species we have inhabiting our area.

45. STOP industrializing our towns
46. As a geologist and environmentalist, under no circumstance can this be allowed to go through. This will be detrimental to the region and the health of the people who live here
47. WE DIDN'T WANT CPV AND WE DON'T WANT THOS EITHER!!  
The air quality is going to PLUMMET.
48. Save the planet
49. Protect the earth- trees and wildlife are important.
50. This should not be put up !! Protect the earth this will not help our air quality nor the animals that live there too.
51. Was convinced at a bar
52. Please don't do this
53. clean air, water and open space is a basic human right!
54. Protect our environment!!!
55. Please stop polluting land
56. Stop paving paradise!!!!
57. To whom it may concern, My family has lived in the area for three generations, and I am horrified at the environmental decimation that I've witnessed over the last decade. Put the people who live in this area first.
58. We genuinely don't need anything else in Middletown

59. Protected untouched land, free of human industrialized activity, is key in fighting climate change. This allows us to prevent the worsening of air quality for all beings.
60. Absolutely not, do things for the people always
61. I petition not to allow our protected wetlands and protected wildlife areas to not be further polluted. I was born and raised in this town and live within a 2 miles radius of both the fracking plant as well the newly proposed area of wetlands to be used for a landfill. I suffer from the air pollution already along with many of my family and will not stand to allow any more to further damage our health of local community members. The pollution rates are already dangerous in this area, please do not further damage what little clean air and protected wildlife we have left.
62. Solidarity!!
63. Protect wetlands, watersheds and air quality!
64. I fully agree with all of the statements in the petition and urge Waywayanda to buy back the land for the purpose of preservation.
65. This would harm wildlife, the heritage trail, and compound breathing difficulties for asthmatics.
66. stop the plant
67. Seriously, let's keep what little nature we do have. Don't build that literal garbage dump.
68. Save our planet stop polluting our air!!
69. Yeah fuck that

70. Stop polluting the air! Enough is enough, let's rebuild Middletown as a safer and more eco-friendly place.
71. Please do the right thing this time around. CPV has done enough damage- please don't add insult to injury. Keep Orange County beautiful- our air, our land, our water. We count on you as our leaders and legislators.
72. NO!? How could you be so careless to the health of the county?
73. We need more places for the wild life to just be! Especially with the flush of new Hudson Valley residents with the pandemic. There's so little designated spaces for nature to grow and animals to exist.
74. Protect the wetlands & air.
75. Development destroys biodiversity. Not to mention the pollution generated adding to the already toxic air quality in this area. A healthy, working ecosystem also relies on a complex network of animals, insects and plants. To disturb that risks the destruction of the habitat and the quality of life for animals and humans alike.
76. Stop polluting the earth. We need population control. We need sustainable living. This country needs to shift its focus from earning all the money to protecting its citizens or soon, none of any of this will matter at all.
77. "Who will provide the grand design? What is yours and what is mine? 'Cause there is no more new frontier We have got to make it here" - The Last Resort by The Eagles
78. Stop this!
79. We have to protect our wildlife before it's too late.

80. Tell them to come to goshen there is Plenty oh none wetland property they can bring their business to and not adversely affect the environment. The old Turry landfill for insistence that area is trashed anyway
81. Do not need more landfills!!! Stop this.
82. This would be absolutely devastating!
83. Middletown and beautiful Waywayanda is going the way of Long Island--concrete. cars and pollution with only tiny, planned spaces of green. I refuse to support the harm that your proposed development projects will bring to the earth, the people and the non-human animals that inhabit these areas. No, you may not proceed with such projects!
84. The Hudson Valley was my home for 4 years and I intend on it being my home for many more. Please stop polluting our home and the home of all of its natural inhabitants in the name of greed. If you want to bring in companies, bring in companies that will respect sacred/archeological land and produce green, renewable energy.
85. Be better
86. Middletown already has enough filth
87. I don't want to have underlying respiratory health issues. Plus we should preserve as much wildlife and for environmental and ecosystem purposes .
88. Great idea!
89. The people of the Middletown should be able to voice their concerns about this. It's a slap in the face not only to the residents that will be impacted by this plan but also the wildlife in the area. We need to do better than this. Shame on Wawayanda for approving such a monstrosity especially after the CPV.

90.       jesus fucking christ will this never end. will this never end? fucks sake. do not develop this land.
91.       Pollution is an issue, period. Let's not promote it so our children won't have to cope with it!
92.       Preserve wildlife
93.       I am against the garbage dump on Shutt and Dolsonroad in middletown ny
94.       Protect preserve and keep open space and natural ecosystems able to exist! Also there is a need for more open space for recreation our in never ending urban developmental expansion.
95.       Please have respect for the health and safety of our local citizens. Use the funds for the garbage disposal plant to find sustainable ways to recycle, reuse, and reduce the use of single waste plastic. We have one earth and it is selfish and disgusting to destroy it.
96.       Please preserve our lands!
97.       The protection of these vital areas are more critical now than ever to our degrading environment. Please think of our children's futures and protect this land. Thank you.
98.       On behalf of the conscious occupants living in the area, I can say this is a negative for our quality of living. I do not support the progress of the dolsontown garbage center. Stop this or learn how to ethically remove waste.
99.       Protect the land!
100.      As a New Yorker I do not permit with us of protected wet lands for a garbage dump.

101. Let Gaia breathe
102. haha don't do that!
103. Biodiversity is essential to combatting our changing climate. Our responsibility as humans is to be conscious environmental stewards. I don't know what your spiritual background is, but we are coming to a moral impasse. Do you stand for the intangible demigod that is capitalism or do you stand for protecting all beings that inhabit the area you serve?
104. PLEASE PRESERVE THIS LAND
105. Protect the watershed and air quality. All New Yorkers now have a constitutional right to clean air and water- this project would deteriorate the local environment far more than it already is. We must find better waste management techniques rather than relying on old infrastructure models that are already outdated!
106. Try incinerators to provide heating to homes-  
  
It's the right thing to do.
107. If the facility were to be built, my trust and respect towards the members of our local government will plummet.
108. Am willing to volunteer if needed!
109. Please no more pollution in Middletown! We need to protect this place!
110. Fuck whoever's tryna do this, keep Hudson clean please.
111. :(
112. Less garbage. More compost. More reuse. More land.

113. terrible idea
114. No need for this. Stop buying land that further supports capitalism. Put the money to preserve land and make the world better for future generations
115. Wtf
116. This would be such a wonderful addition to Middletown and for a great reason!!
117. This doesn't seem safe and I worry about the well being of my family in the area that are in Middletown.
118. More impervious surfaces may lead to exacerbated flood hazards in currently affected FHA zones. Additionally, Long-eared bats could be impacted by the demolition of wetland habitats as well as the mentioned Indiana Bats.
119. !!!!
120. There is barely any area for them to live as is. We don't want bears roaming the streets!
121. Thank you!!!
122. Preserve nature
123. This doesn't belong next to a city of 30,000+ residents. Noise, smell and destruction of the watershed is guaranteed if this project is allowed.
124. There needs to be a specific area for wildlife, as many other towns and counties surrounding the area have done.

125. This proposal ignores those that would be most affected by the construction.
126. We have a beautiful home here we should preserve as much of it as we can and we deserve clean air
127. We cannot destroy our wetlands, pollute our water supply, we must protect our wildlife. This area must be protected from future devastation.
128. I pray this will be done!
129. This will damage our local image, cause more pollution, and increase traffic in an already very congested area of Middletown.
130. We are already a heavily polluted area, this is the last thing we need to congest the air, let alone the roads.
131. My family had a house on that land. You are destroying my ancestors roots. There is wildlife and nature at stake. You already are turning Dolson side into a mini 211 and we do not want that. We already suffer from your poor handling of this town from bad air pollution. The perfume factory leaking its stench all the way to Dolson side of town. I do not want to live anywhere near a dump in my town to pollute our air more. That creates more waste and destroying not only the health of the people of middletown but the planet we live on. We already live near a CHEMICAL PLANT. Which is absolutely absurd. Put this establishment outside of Middletown/Waywayanda NY. Start using the money to repair our roads. Introduce more nature such as trees, plants, wildlife. To fix up old buildings that a deteriorating around town. For our schools that kids attend since you love taking programs away. This is not okay, at all. It shows how much you care for not only the people of this town, but the seriousness of the situation.
132. Don't do it!

133. !!! We need to preserve as much land as we can especially in our area every open spot has been turned into a construction site! Our ancestors would be ashamed! ≈keep the peace≈Keep the land≈
134. I already can't breathe in Middletown and now YOU WANT TO DO THIS!! IM DYING HERE I CANT BREATHE!!
135. I live very close to this near Randall's airport . I don't want to be living next to a garbage dump .
136. Do not build this facility!
137. Middletown's working class residents deserve clean air and clean water. The proposed solid waste management facility would threaten that. Please put a stop to this project. Protect our precious wetlands before they are all gone forever!
138. THIS NEEDS TO STOP!!!!
139. Been living on academy avenue/ dolson ave going on 50 years, back in the 70's Middies where still playing football games , in the environmentally threaten area, then came the power lines, cpv power plant, enough already. No more environmental negative projects.
140. Again another project to mess up Orange county... Especially the Middletown areas. We have a beautiful Smoke Stack to look at thats destroying our environment, why add a Garbage facility too. Is this another "pay off" like the smoke stack generator
141. I grew up in Middletown and over my lifespan have seen what small areas there are of trees and natural beauty slowly disappear— when will it end? At some point will there be anything left? I worried this as a child and I worry it now
142. I believe there is also a fresh water supply line to be used in organic food production for Amy's Kitchen on this land.

143. Please keep this corridor natural.
144. Please do not allow Marangi to build this.
145. We need our wetlands and protect our history. Stop this proposal.
146. We really need to protect our land from too much development, especially if the protocols do not demand for lots of green space. We don't want our county to become like a city and loose that country charm.
147. I just can't believe that with all the up grading and nature trail that has been built up you are going to have a garbage dump and all those garbage trash trucks driving all hours of the day and night. Shame on you
148. Heritage trail is a key economic engine to Middletown tourism. Nothing says welcome to Middletown like a garbage dump. One large step forward, one larger step backwards. Please don't allow this to happen
149. It's a disgrace how the land is being ruined
150. I'm a Middletown city resident waiting for the Heritage Trail to open so than I can use it for my health and bike along it. In addition to all the reasons stated in the petition, there's few natural, safe and healthy ways for area residents to bike and exercise cheaply and healthily through the area. There are so many reasons to protect this land, please act swiftly before anything precious is lost.
151. Please protect the air quality for our health and the health of our children who are helpless in the matter.
152. I want to save the wildlife preserve

153. I'm deeply concerned that this part of Middletown is becoming an industrial zone and an ugly blight on the area. The lack of foresight in development lately is appalling.
154. Please let find a solution 100 acres for a waste site is not a great option.
155. I have both a home and a business less than a mile from here. This would absolutely destroy our area. We have already taken a hard enough hit with this power plant that went in on route 6. Please don't keep ruining what we have worked to build.
156. Stop it.
157. Please tell me more .
158. I stand fully with the designation of Dolsontown as a Wildlife Preserve.
159. These towns need to focus on what's best for their communities, animals, and ecosystems rather than what's best for their wallets!
160. Please don't cement over everything
161. truck traffic and garbage, don't we ever learn? What ever happened to environmental justice?
162. I live in the neighborhood and this would be a disaster if this goes through! It's bad enough now with the car wash at the end of the road trying to get out ! Please stop the insanity!
163. This is horrible we already have that facility on route 6 now this what are trying to do kill the poorer side of Middletown and theirs middletown family housing right there!!

164. I am against this ridiculous project, please get them out of our town.
165. Stop this now!! I live in Maple Fields off Schutt Road
166. Here we go again. So disappointed In the town of Wawayanda .
167. Middletown does NOT need this!
168. Pollution will be a huge problem for the eco system and public environment.
169. Animals needs homes and nature! Leave it alone!!
170. Sounds great
171. Not in my neighborhood.
172. Our whole family was supportive
173. I am the Animal Control Officer for the Town of Walkill Police Dept. It is appalling that you would turn this area into a GARBAGE DUMP. How could you do such a thing. You probably dont live near it or utilize this area so you dont care!!!
174. Please preserve this area.
175. The nightmare that exists already part due to the uncontrolled traffic around the car wash. Take time to solve that issue before creating a larger traffic issue. No one controls that corner. It's out of control especially during rush hour.
176. No more waste - no more congestion.
177. Stop this now

178. We don't want anymore traffic on Dolsontown Road. Do not approve this project!!!
179. Stop the plant
180. It's bad enough you sneaked the cpv Chernobyl plant on the boarder of Middletown.. now this? Put it on your other boarder by pine island or Warwick? I've noticed the air quality go down in the past few years because of cpv. It literally feels different when you breathe. During rainy days you can smell the plant and you want to add a dump? What are they dumping there? More toxic stuff like the alturi dump down the road? That's why the brook is already messed up and you want to put a new dump there?
181. NO Way ,!! No more Destruction here ,STOP THIS !! We have already lost enough Beautiful places around here ,NO GARBAGE Next To the Heritage Trail ,
182. This will wreck local property values, there has to be a more out of town area to place this that will not be a detriment to the local taxpayers.
183. "We propose an alternate solution for the Town and County to BUY BACK AND PROTECT this vital land, and preserve it as a Wildlife Sanctuary. Not only is it a vital wetland but it is some of the VERY LAST WILD LAND in and around the city of Middletown. Destroying this land would be irresponsible and unethical, and would negatively effect the people of Middletown, the Town of Wawayanda, Orange County, and the planet for generations to come. Do your job and protect your residents and the land over which you govern."
184. End the pollution!
185. we will be looking to create such corridors across the county and region. This proposal is ahead of the curve. Make your community a pioneer!
