Re: USACE
Mid-Hudson Industrial Park: Warehouse Construction
21PR02475

Dear Justin Dates:

Thank you for requesting the comments of the New York State Historic Preservation Office (SHPO). We have reviewed the submitted materials in accordance with Section 106 of the National Historic Preservation Act of 1966. These comments are those of the SHPO and relate only to Historic/Cultural resources. They do not include other environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the National Environmental Policy Act and/or the State Environmental Quality Review Act (New York State Environmental Conservation Law Article 8).

OPRHP has reviewed the Phase IA/IB Archaeological Survey report for the Mid-Hudson Industrial Park: Warehouse Construction project (21PR02475) prepared by Hudson Cultural Services, Consulting Archaeologist (March 2023; 22SR00120). OPRHP concurs with the report recommendation that no additional archaeological investigation is warranted.

It is OPRHP's opinion that the project will result in No Effect on historic properties, including archaeological and/or historic resources, listed in or eligible for the New York State and National Registers of Historic Places.

If you have any questions, I can be reached at Bradley.Russell@parks.ny.gov.

Sincerely,

Bradley W. Russell, Ph.D.
